Mandate for NorthDenmark EU-Office

Indicating the interest of BRN in joining the Mission Adaptation to Climate Change by signing up to the Mission Charter.

Business Region NorthDenmark(BRN) consists of the 11 municipalities and the Regional Authority of North Denmark and is focused on targeting and pursuing agendas that drive development and growth in the region.

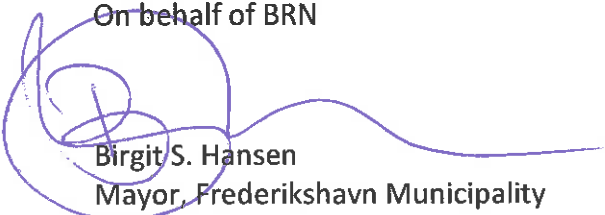

Through strategical collaboration and an action-oriented approach and in close collaboration with numerous likeminded organizations and stakeholders, BRN aims at furthering common interests and improve the conditions in the Smart Specialisation areas of the region, which are vital to fulfil the ambitions.

BRN collaborate widely – across the private and public sectors, with innovative educational institutions and dedicated employment and business organizations to amplify the messages and further the dialogue with key shareholders and decision-makers.

One of the joint initiatives of BRN is the NorthDenmark EU-Office, who is the representative of the members of BRN in terms of providing access to EU Funding and facilitating network and opportunities through the EU.

Through this mandate we hereby grant NorthDenmark EU-Office the authority to act as a representative for BRN in indicating the interest of the 11 Municipalities and the Regional Authority of NorthDenmark in signing up to the mission charter of the Mission Adaption to Climate Change.

On behalf of BRN
